Subject: Student Fee - HMS/WJHS After School Program

Proposed Action by Board of Education

Approve the HMS/WJHS after-school programming fee at \$4 per day.

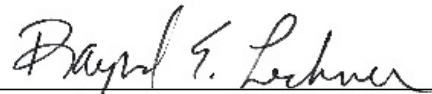

Background

Several months ago, the district was notified that Youth Connection will be dissolved as a non-profit organization at the end of the fiscal year 17-18 school year. A report was presented in April, 2018 outlining the district's plan to fill this void and maintain after-school programming for students and families interested in this option. This after-school program is being called Highcrest Hawk Nest and WJHS Wolf Den. This drop-in program will cost \$4.00 a day.

Both after-school programs will run for two hours after dismissal and will have two supervisors assigned to plan for activities and work with the students who attend. The HMS PTO and WJHS PTO will help support students with financial needs making the program available for all students. Approval of this new program and fee needs to happen prior to the start of the next school year.
