To: Raymond E. Lechner, Ph.D.
Superintendent
From: Ellen Crispino
Interim Business Manager
Subject: Approve the Annual Review of Serious Safety Hazard Findings

Proposed Action by the Board of Education

Move to approve the annual review of Serious Safety Hazard Findings approved by Illinois Department of Transportation.

Background

Section 29-3 of the School Code (105 ILCS 5/29-3) requires the Board of Education to annually review and reaffirm the Serious Safety Hazard Findings previously approved by the Illinois Department of Transportation.

The following Serious Safety Hazard Findings have been approved by the Illinois Department of Transportation.

Number	Description	School
39-17-2	Along Glenview Road at Big Tree Lane	Romona Elementary School

District 39 has other safety hazards on file with IDOT going back to 1999. It is important to understand that safety hazards do not provide District 39 additional funding from the State. Additionally, the district is not required to waive fees charged to families, this practice was discontinued in 2006. However, District 39 continues to offer transportation to all students in our district.

**Recommended for Approval
by the Board of Education**

Raymond E. Lechner, Ph.D.
Superintendent
