

Virtual Ice Cream Science Event for Central Families!

Are you thinking about expanding her world outside of school? As a Girl Scout, your girl will try new things. She'll make friends, grow in confidence, and build skills that will help in school and beyond.

The best part? You'll get to join the fun right alongside her as she plays, learns, and grows with the help of a caring adult volunteer. It's all waiting for her at Girl Scouts.

At this event, you'll make your own ice cream and learn about Girl Scouts at Central Elementary!

Thursday, October 29th, 2020
6:30pm-7:30pm

Register for this event and learn more at <https://girlscoutsatcentral.eventbrite.com>
